Injured Worker

We had our first medical only injury for 2010, let's see if this can be our last injury in 2010.
An EE, while carrying a 40' stud, bumped into a column and the stud fell back against the EE.
We need to watch our surroundings. Be sure to pick a clear path to where you are going.

We have been awarded a few projects that the GCs are requiring "ALL" workers have attended an OSHA 10 Class.

I have scheduled an OSHA 10 classes for March 1st & 2nd, from 4:00 - 9:30. You need to attend both days to receive credit for this training. Let me know if you are interested in attending.

Call the warehouse for "**RED TAGS**" and any safety signage and/or inspection sheets for lifts & scaffold.

Last week's Bonus Question: **Do we have a covered trash can in our lunch room?**
Answer: **See lunch room**

Any questions give Sturg a call (612) 221-8603
