Are you prepared for an OSHA Inspection???

If we are doing our job as we have been trained, we have no worries.
If you are approached by an OSHA Inspector, ask the inspector if he has checked in with the Supt in the GC's trailer. Take this time to call Sturg, Nestrud or Manick so they can attend the walk thru. Instruct your crew to walk around their work areas and take care of any issues. After the GC Supt notifies you of the walk thru, follow the instructions on the attached sheet.
If you have any additional questions give Sturg a call @ (612) 221-8603.

Foreman, please RSVP if the date of the CPR Class works for you.

Call the warehouse for "**RED TAGS**" and any safety signage & daily inspection sheets.

Last week's Bonus Question: **What three things need to happen before an Olympic employee returns back to work after a "POSITIVE" post-accident drug test???**

Answer: **You are suspended from work for 10 days, need to see an approved drug counselor & provide a negative drug screen prior to returning back to work.**

Any questions give Sturg a call (612) 221-8603

PLEASE PRINT YOUR NAME!!!
